As we put a close on 2022 and move into 2023, I would like to thank everyone for their commitment to EMH and the support I received during my time as interim CEO. When you are in leadership sometimes it can be challenging, but when you have such an amazing group of staff members that inspire you on a daily basis, it is easier to lead and for that I am proud to have been given the opportunity to serve as your interim CEO.

Even though we faced some challenges in 2022, I am proud of what was accomplished during the year. Below I would like to recap some of the highlights that occurred so that you can see what was accomplished and be proud:

- Received 1st and 2nd place Quality Awards
- Hired 2 Hospitalist and General Surgeon to join the Medical Staff
- Received multiple grants which allowed us to purchase equipment, replace roofs/etc.
- Hired new team members (staff/leadership)
- Participated in many community events
- Implemented/purchased multiple systems (3R payroll, Policy Stat, HealthStream, RQI/etc.)

Even though this list does not include all projects accomplished, I hope that it lets you know how proud I am that the items above, plus many other things were possible due to you as staff members and leaders in the organization. As we start 2023, I am excited to see what this team accomplishes, as it is your dedication that is imperative to the growth of EMH. God Bless you all!
