Elbert Memorial Hospital Achieves Swing Bed Certification from The Compliance Team

Elberton, GA– Elbert Memorial Hospital is proud to announce that it has earned **Swing Bed Certification** from *The Compliance Team, Inc.*, a nationally recognized healthcare accreditation organization. This prestigious certification demonstrates the hospital's commitment to excellence in delivering high-quality, patient-centered transitional care.

Swing Bed services provide patients who no longer require acute hospital care, but still need skilled nursing or rehabilitation, with a seamless transition close to home. For rural communities, this program ensures that patients and families can continue their recovery without leaving the community they know and trust.

"The Swing Bed Certification is a testament to the dedication of our physicians, nurses, and care teams," said Tyler Taylor, CEO of Elbert Memorial Hospital. "It shows that Elbert Memorial Hospital not only meets the federal requirements for swing bed care, but also goes above and beyond in providing compassionate, patient-focused services that help our patients return home safely."

The Compliance Team's Swing Bed Certification is built on evidence-based best practices, performance metrics, and patient satisfaction measures that go beyond regulatory compliance. By achieving this certification, Elbert Memorial Hospital has demonstrated its commitment to continuous improvement and to being the preferred choice for transitional care in Northeast Georgia.

"We are proud to offer this level of care to our patients and their families," added Cyndi New, Chief Nursing Officer. "Our community can feel confident knowing that their local hospital provides nationally recognized quality in transitional care."

About Elbert Memorial Hospital: Elbert Memorial Hospital is a 25-Bed Critical Access Hospital that has been providing exceptional and compassionate healthcare to Elbert and surrounding counties for over 70 years. To learn more about Elbert Memorial Hospital visit www.emhcare.net
